PRESENTATIONS:

Gary Olson, Alaska Moose Federation, S.M.A.R.T. program for Moose Protection.

The Alaska Moose Federation is working to get Moose away from busy roads. Every year there are approximately 660 collisions involving moose. Since July, 2007, six of those collisions resulted in fatalities. One solution is to get moose away from the roadways. The Alaska Moose Federation is working with ADOT&PF to clear moose browse along road corridors, design wildlife crossings, and educate the public.

Due to some technical difficulties, the Power Point slides will be e-mailed to the membership.
