PRESENTATION:

Kattaryna Stiles, Acting Director, Office of Emergency Management.

Anchorage is susceptible to a myriad of natural disasters. Families and individuals are encouraged to create a disaster supply kit, a family emergency plan, preparing your pets and much more.

Planning is one of the most important activities conducted by the Office of Emergency Management. Typical emergency plans identify a function, assign agency responsibilities, and establish direction and control aspects.

For more information, contact the Office of Emergency Management at (907) 343-1401, woem@muni.org, or visit www.muni.org/oem
